Journal of the Neurological Sciences, 109 (1992) 241–242
Elsevier Science Publishers B.V.

Contents of Volume 109

Number 1 – May 1992

Editorial note vii

Research papers

Peripheral neuropathy with giant axons and cardiomyopathy associated with desmin type intermediate filaments in skeletal muscle
M. Sabatelli, E. Bertini, E. Ricci, G. Salviati, S. Magi, M. Papacci and P. Tonali (Italy) 1

What is the validity of an "abnormal" evoked or event-related potential in MS?. Auditory and visual evoked and event-related potentials in multiple sclerosis patients and normal subjects
J.G. Van Dijk, A. Jennekens-Schinkel, J.F.V. Caekebeke, A. Singh and A.H. Zwinderman (The Netherlands) 11

Are event-related potentials in multiple sclerosis indicative of cognitive impairment?. Evoked and event-related potentials, psychometric testing and response speed: a controlled study
J.G. Van Dijk, A. Jennekens-Schinkel, J.F.V. Caekebeke and A.H. Zwinderman (The Netherlands) 18

Topography of unmyelinated axons in regenerated soleus nerves of the rat
K. Fugleholm, P.B. Toft and H. Schmalbruch (Denmark) 25

Motor unit function during evolution of proximal axonal swellings
D.A. Delio, M.G. Fiori and H.E. Lowndes (USA) 30

Linkage analysis of distal hereditary motor neuropathy type II (distal HMN II) in a single pedigree
V. Timmerman, P. Raeymaekers, E. Nelis, P. De Jonghe, L. Muylle, C. Ceuterick, J.-J. Martin and C. Van Broeckhoven (Belgium) 41

Co-activation of ipsi- and contralateral muscle groups during contraction of ankle dorsiflexors
M.R. Dimitrijevic, W.B. McKay, I. Sarjanovic, A.M. Sherwood, L. Svirtlih and G. Vrbovà (U.S.A., Yugoslavia, U.K.) 49

Acoustic myography of the human quadriceps muscle during intermittent fatiguing activity
P.A. Dalton, M.J. Comerford and M.J. Stokes (Australia) 56

Interferon-γ in cerebrospinal fluid without pleocytosis in scrub typhus
M. Ikeda, S. Yoshida and H. Tsukagoshi (Japan) 61

Effect of treatment on oligoclonal IgG bands and intrathecal IgG synthesis in sequential cerebrospinal fluid and serum from patients with subacute sclerosing panencephalitis
P.D. Mehta, J. Kulczycki, B.A. Patrick, W. Sobczyk and H.M. Wisniewski (USA, Poland) 64

Expression of cell surface and cytoskeleton developmentally regulated proteins in adult centronuclear myopathies
D. Figarella-Branger, E.E. Calore, J. Boucraut, N. Bianco, G. Rougon and J.F. Pellissier (France) 69

Down's syndrome: occurrence of ALZ-50 reactive neurons and the formation of senile plaques
D.L. Sparks and J.C. Hunsaker, III (USA) 77

Distribution of cerebrospinal fluid oligoclonal IgM bands in neurological diseases: a comparison between agarose electrophoresis and isoelectric focusing
M.K. Sharief and E.J. Thompson (UK) 83

Optic neuritis anti-myelin basic protein synthetic peptide specificity
K.G. Warren, I. Catz and K. Shutt (Canada) 88

The effect of mixed bovine brain gangliosides on hypoxic conduction block in control and streptozotocin-diabetic rats
N.A. Calcutt, A.L. Carrington, C.B. Ettlinger and D.R. Tomlinson (U.K.) 96

Immunohistochemical expression of microtubule-associated protein 5 (MAP5) in glial cells in multiple system atrophy
N. Arai, M. Nishimura, M. Oda, Y. Morimatsu, R. Ohe and H. Nagatomo (Japan) 102

Inhibition of stimulated human leukocyte hydrogen peroxide generation by a novel antioxidant, OPC-14117
M. Fisher and M.M. Arpano (U.S.A.) 107

Evolution of muscle specific proteins in Werdnig-Hoffman's disease
N. Soussi-Yanicostas, C. Ben Hamida, K. Bejaoui, F. Hentati, M. Ben Hamida and G.S. Butler-Browne (France, Tunisia) 111

Number 2 – June 1992

Review article

Vascular dementia: neuropathologic alterations and metabolic brain changes
J.H. Garcia and G.G. Brown (USA) 121

Research articles

Transient myoclonic state with asterixis in elderly patients: a new syndrome?
S. Hashimoto, J. Kawamura, T. Yamamoto, A. Kinoshita, Y. Segawa, Y. Harada and T. Suenaga (Japan) 132

Delayed wallerian degeneration in the central nervous system of Ola mice: an ultrastructural study
S.K. Ludwin and M.A. Bisby (Canada) 140

Contralateral early blink reflex in patients with facial nerve palsy: indication for synaptic reorganization in the facial nucleus during regeneration
W. Nacimiento, K. Podoll, M.B. Graeber, R. Töpper, E. Möbius, H. Ostermann, J. Noth and G.W. Kreutzberg (Germany) 148

Thiamin mono- and pyrophosphatase activities from brain homogenate of Guamanian amyotrophic lateral sclerosis and parkinsonism-dementia patients
U. Laforenza, C. Patrini, M. Poloni, P. Mazzarello, M. Ceroni, D.C. Gajdusek and R.M. Garruto (Italy, USA) 156

Effects of astrocytes, insulin and insulin-like growth factor I on the survival of motoneurons in vitro
L.C. Ang, B. Bhaumick, D.G. Munoz, J. Sass and B.H.J. Juurlink (Canada) 168

Myasthenia gravis: T and B cell reactivities to the β-bungarotoxin binding protein presynaptic membrane receptor
H. Link, J.-B. Sun, C.-Z. Lu, B.-G. Xiao, S. Fredrikson, B. Höjeberg and T. Olsson (Sweden, China) 173

Myasthenogenicity in the main immunogenic region of acetylcholine receptor as modified by conformational design: an approach to antigenic synthetic peptides
M. Takamori, T. Hamada and S. Okumura (Japan) 182

^{31}P-NMR spectroscopy of skeletal muscle in Becker dystrophy and DMD/BMD carriers. Altered rate of phosphate transport
B. Barbiroli, R. Funicello, S. Iotti, P. Montagna, A. Ferlini and P. Zaniol (Italy) 188

Development of HTLV-I-associated myelopathy after blood transfusion in a patient with aplastic anemia and a recipient of a renal transplant
Y. Kuroda, H. Takashima, M. Yukitake and T. Sakemi (Japan) 196

Guillain-Barré syndrome associated with high titers of anti-GM1 antibodies
E. Nobile-Orazio, M. Carpo, N. Meucci, M.P. Grassi, E. Capitani, M. Sciacco, A. Mangoni and G. Scarlato (Italy) 200

Effects of exogenous monounsaturated fatty acids on fatty acid metabolism in cultured skin fibroblasts from adrenoleukodystrophy patients
R. Wilson, D.R. Tocher and J.R. Sargent (UK) 207

Calcium, calmodulin and 3′,5′-cyclic nucleotide phosphodiesterase activity in human muscular disorders
S.K. Mishra, N.K. Menon, D. Roman and S. Kumar (USA) 215

Selective inhibition of complex I by *N*-methylisoquinolinium ion and *N*-methyl-1,2,3,4-tetrahydroisoquinoline in isolated mitochondria prepared from mouse brain
K. Suzuki, Y. Mizuno, Y. Yamauchi, T. Nagatsu and Y. Mitsuo (Japan) 219
